

Energy Star

EcoShield Windows exceed the newer, more rigorous Energy Star standards for windows and sliding doors.

NFRC

America's leading window rating agency gives EcoShield their top rating for energy efficiency.

AAMA Durability

Frames and components are built to the stringent specifications of the American Architectural Manufacturers Association.

Federal Tax Credits

With our ST Glazing package, EcoShield Windows meet the efficiency criteria for Federal tax credits under the Tax Relief, Unemployment Insurance Reauthorization and Job Creation Act of 2011. That could mean hundreds of dollars at the end of the year.

DOE-R5 Glazing Package

Based on the Department of Energy R5 Building Technologies rating for high performance windows.
