

PRICE INCREASE ANNOUNCEMENT – APRIL 22, 2019

5%-8% on all Roofing Materials and Accessories

To all of our valued Customers:

Over the last month we have received price increase announcements from all of the roofing manufacturers. Citing escalating raw material, production, and transportation costs they have raised our prices effective April 1st. This makes it necessary for us to pass on these increases. To give you time to prepare, our increases will be effective with shipments on or after April 22, 2019. At that time, we will be increasing prices by 5%-8% on both commercial and residential roofing materials and accessories.

SRS continually works to mitigate rising costs. We commit to keeping you informed with the latest updated information from our suppliers as conditions change so that you can plan accordingly. We encourage you to incorporate these increases into your job bids and quotes.

For real-time information related to roof material orders, invoices, pricing, deliveries, and more, download our Roof Hub app from the Apple App store or Google Play. Visit www.roofhub.pro for more information.

Thank you for your continued business and support. We look forward to continuing as your supplier partner of choice.

Sincerely,

Pat Hughes
Executive Vice President - Operations
